About Sub-Agency

- The subordinates working under the agency are known as Sub-agents.
- These sub-agents can be an individual or a company. They can further hire more hosts and sub-agents under their agency and will follow the same rules and regulations as the upper agency.
- The income of the sub-agents will not be calculated in the main agency's host performance.
- The commission rate will depend on the agency's total income.
- The commission of the main agents will be given by Niki Live directly. There will not be any deduction from the hosts and sub-agents' earnings.

How to Add Sub Agents?

- Agency needs to send an invitation link to the invited sub agents
- The sub agents need to enter their Niki ID and their confirmation code. [The Code will sent through an official message on Niki Live]
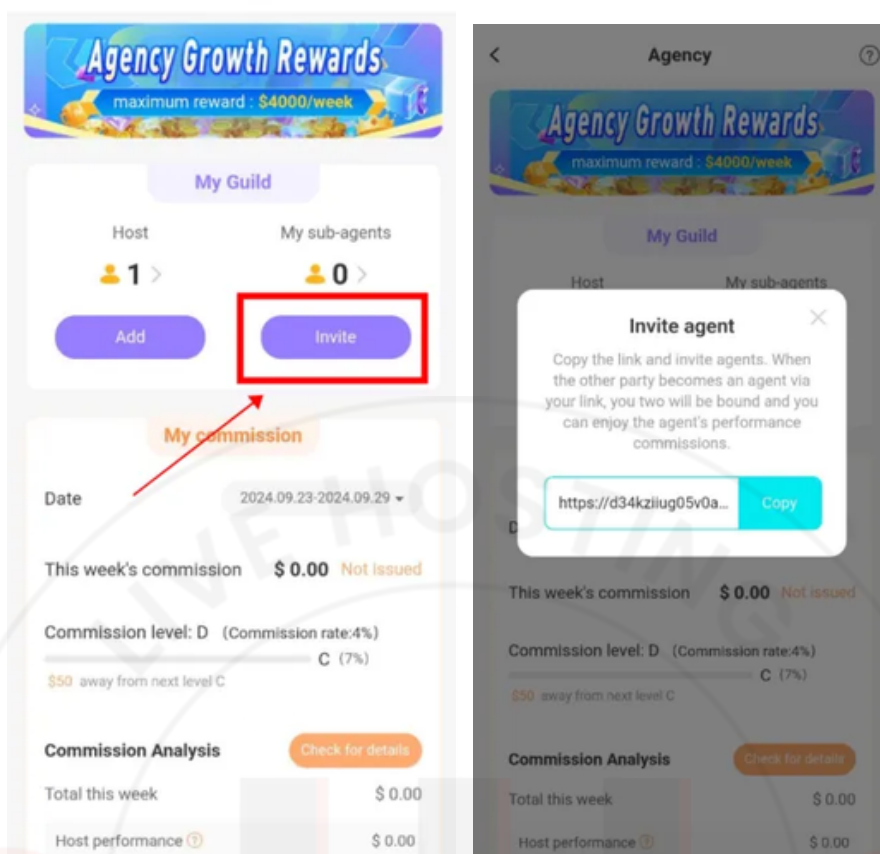

How to Add Hosts:

Expand your network by adding hosts to your agency:

- Host Registration: Hosts will download the Niki Live app, create a profile, and provide their Niki Profile ID to the agency.
- Agency Integration: Open your Niki profile, click 'Agency' and enter the Host ID.
- Approval Process: Hosts will receive an agency request in the Niki app system message. They need to accept the agency's request.

Benefits of adding Sub-Agents:

Even though a sub-agent's income doesn't count toward the agency's host performance, the commission rate is calculated based on the total weekly income, including the sub-agent's earnings. This means you can earn a higher commission if your sub-agent does well.

For example: if Agency A earned $170 last week, the commission rate would typically be 7%. But if Agency A has a sub-agent B who earned $40, the total income would be $210. This higher total moves the commission rate up to 11%. So, the final commission rate for the agent is 11%, and the commission from the sub-agent is 7% (11% minus 4%).

Withdrawal Process:

- The agency and hosts can withdraw their earnings anytime.
- The minimum amount that can be withdrawn is $11.5 and the conversion rate is 10,000 beans = $1.
- The service fees will be charged on the withdrawn amount depending on the withdrawal methods.
- Niki Live provides multiple withdrawal methods including Epay, Payoneer, Paypal, bank transfers, etc.

Niki Live Rules:

- Agents cannot recruit hosts from other agents on Niki.
- Promoting other platforms on Niki is strictly prohibited.
- Streamers can only be with one agent at a time. If found otherwise, the host's new account will be banned immediately.
- Agents must not take hosts already on the platform into their agency. The first violation will result in a $10 penalty, and the second in a $100 penalty. Repeat offenders will lose all commissions and their partnership with the platform will be terminated.
- Agents are not allowed to deduct extra from the host's salary, and the exchange rate difference for paying salaries should not exceed 5% of Google's international rate. If a complaint is verified, the agent's income share will be withheld.
- Agents should maintain good relationships with their hosts, manage their live broadcast records, and encourage them to improve both the quality and frequency of their broadcasts.
- Any violation will result in appropriate penalties. Serious violations that cause significant losses to the platform may lead to legal action.
